

I've only met you a couple of times; and we would sit and listen while your (ex) spouse and mine rabbitted away. But I am so happy to see your news on page 2 of the Independent! You look so debonair, and Lisa looks young and courageous. I hope you'll both be tremendously happy. I don't suppose you'll be any more social, but hey, who needs people when you've got a beautiful wife!
